

ASCEND Complete

AMS, OIL, NIS, DRA

GENERAL INFORMATION

Ascend Complete combines spray-grade liquid AMS, modified vegetable oil, nonionic surfactants, and drift-reduction technology in one convenient formulation.

Its 4-in-1 adjuvant system supports pesticide performance under challenging application conditions by improving spray deposition, penetration, droplet spreading, and leaf coverage while helping reduce drift. The modified vegetable oil assists movement into the crop canopy, while the AMS component conditions spray water and helps manage metallic ions that may interfere with pesticide activity.

Ascend Complete is formulated for in-crop applications when used according to all applicable label directions.

HANDLING AND STORAGE

Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, and clothing. Do not breathe spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, smoking, or using tobacco.

Remove and wash contaminated clothing before reuse. Wear chemical-resistant gloves, a long-sleeved shirt, long pants, shoes, and socks.

Store in a well-ventilated area. Keep the container tightly closed when not in use.

DIRECTIONS FOR USE

Add Ascend Complete first to the spray tank while filling with water and maintaining continuous agitation. Add herbicides, desiccants, insecticides, or fungicides according to their respective label directions.

Before use, read and follow all directions, precautions, restrictions, mixing instructions, and adjuvant recommendations provided on the pesticide label and this product label.

Ascend Complete does not replace sound agronomic practices or proper application techniques.

USE RATE

- Apply at 1.0%-2.5%.
- When used with Enlist®, apply at 1.25%-2.5%.
- Always follow the pesticide label's adjuvant recommendations.

PRINCIPAL FUNCTIONING AGENTS

Proprietary blend of water conditioner, drift-control agents, surfactants, and modified vegetable oil 100%
Total.....100%

NPE & APE FREE

CAUTION: KEEP OUT OF REACH OF CHILDREN

May cause skin and eye irritation. Avoid eye and skin contact. Do not take internally.
